Course and future study goals

Where did you find out about us?

In which Higher School do you want to register?

In general

In the full-time courses we give you the *Basic Content*, creative and artistic elements in the ranges of black and white, and color, which are essential requirements for independent work. The *Basic Content* is completed by the *Led Instructions*. That means that you create your own ideas. We help you to make a theme concrete, and we offer you a wide range of resources with everything you need to design a portfolio. The Friday seminar on Theory completes the practical work.

In the online courses we teach you the creative and artistic basics in the areas of black/white and colour, which are essential as a basic requirement for independent work. In the company of your independent work, we offer you a wide range of help with everything you need for portfolio design.

For you, working in an online course means working on your own ideas at home or in a room of your choice. The aim here is to give you the discipline and structure you need to develop your own ideas into artistic and individually independent works that meet the requirements of the university.
